

DONALD L. MARGOLIS, Ph.D., ASSOCIATE

EXPERIENCE

- Peter R. Thom and Associates Inc., Associate. 1990 – Present.
- University of California, Davis, Professor of Mechanical Engineering, 1972 - present. Responsible for undergraduate and graduate courses and research in the areas of vehicle stability, system modeling, simulation, control of dynamics systems, analytical dynamics, active suspensions, vibration control, and acoustics.
- Consultant in the field of vibration, control, systems modeling, experimental systems design, vehicle dynamics and motorcycle handling.
- Massachusetts Institute of Technology, Instructor, Research Assistant, Coordinator-Mechanical Engineering Projects Lab, 1967-70.

EDUCATION

- Massachusetts Institute of Technology, Ph.D. Mechanical Engineering, 1972.
- Virginia Polytechnic Institute, Blacksburg, Virginia, B.S. Mechanical Engineering, 1967.

ACTIVITIES

- Technical reviewer for American Society of Mechanical Engineers; Chairman, Automatic Controls Division, Energy Systems Development Panel.
- Book reviewer for the Franklin Institute.

HONORS

- Tau Beta Pi, Pi Tau Sigma, Sigma Xi, Omicron Delta Kappa, Phi Kappa Phi.
- Society of Automotive Engineers 1986 Ralph R. Teetor Award.
- ASME Outstanding Teaching Award, 1978-79.
